

Dear Community Builder,

As a natural resources conservation agency, the Wood County Park District is committed to providing a clean, healthy, and safe natural environment. This commitment requires financial and workforce investments from community partners. We are asking for modest financial donations in order to acquire the proper tools and resources for our Habitat Heroes volunteer event.

Habitat Heroes Day will be November 17th, 2018 9 am – 12 pm at the W.W. Knight Nature Preserve 29530 White Road in Perrysburg. This new event will help highlight environmental conservation and community investment activities in Northwest Ohio. Specifically, wildlife habitats will be restored through buckthorn (invasive woody plant) removal. We hope this will become an annual event.

As a Hero, your sponsorship will yield regional marketing benefits before, during, and after the event. Your support of this 'green' effort will enhance community awareness and affiliation to your organization. Please see sponsor benefits chart for details. If this sounds like something you would like to support, please fill out the attached agreement. Contact: Eric Scott, Stewardship Coordinator escott@wcparks.org 419-575-7347.

Volunteers are also needed, so please consider offering your time. Volunteering is a great way to build teamwork within your organization, as well as, getting to know your parks and nature preserves. Volunteer registration can be found on our website wcparks.org/conservation www.volunteersignup.org/WXMFJ.

Thank you for your consideration! We hope you will be a hero!

Warm Regards,

Eric Scott
Wood County Park District
